## **SENIOR DEPARTMENT**

The School is selective and offers are made on entrance assessments, interview and school report/reference. The school always bears in mind whether it can meet the educational needs of the child within the context of the resources available. Applications will be considered from parents/guardians who are in sympathy with the aims and ethos of the school and whose child will benefit from the academic curriculum of the school.

The aim of the process is to identify potential. We are looking for children with a genuine interest in education in the broadest sense of the word, with interests that stretch beyond the confines of the academic curriculum.

### **New entrants to U3 at the start of an academic year**

- Once registered, pupils will be invited to attend the Senior School Entrance Assessment which takes place in the January prior to the September admission date.
- They will be assessed in three areas: Maths, English and Non-Verbal Reasoning.
- The Maths assessment is based around Key Stage 2 Levels 4/5. In the English assessment pupils will be required to complete a piece of autobiographical writing.
- Pupils will also experience taster lessons during the day.
- A pencil case containing basic equipment is required.
- The Headteacher and her deputies will interview pupils in 2s/3s. During the interview pupils will be asked about their interests. It would help if they could bring with them any records of achievement from their current school.
- The assessments that the pupils take will be marked on the same day and offers of places will be made as soon as possible.

### **New entrants to U3 (Year 7) –Lower 5 (Year 10) during the course of an academic year**

- Parents are required to bring in the pupil's most recent school report on the day of the initial visit.
- If a pupil has a medical condition that might impact on their education or a diagnosed learning difficulty parents are requested to bring in any relevant paperwork for viewing
- Pupils will be invited to spend a day in the school. They will be placed with the most appropriate form and be given 'buddies' for the day.
- The pupils will be assessed in three areas: Maths, English and a short non-verbal reasoning test, which is completed on a computer.
- The Maths and English assessment will be appropriate to the pupil's age/year group.
- Whilst in school the pupils will be observed by staff with regard to their attitude, willingness to learn and their social interaction with other pupils.
- If there are any doubts regarding their academic potential/attitude towards learning, pupils may be asked to attend for a second day for further observation or be offered a place on a term's contract.
- If a place is to be offered, this will be done as soon as possible after discussion has taken place between the Headteacher, staff and parents.

**Assessments during the summer vacation will only take place during the first and last week of the break in order to allow for staffing availability.**
